

RULES  
OF  
COMPOSITE STATE BOARD OF MEDICAL EXAMINERS

CHAPTER 360-2  
LICENSING REQUIREMENTS

360-2-.02 Licensure.

360-2-.02 Licensure.

(1) Applications for a medical license must be complete, including all required documentation, signatures and seals.

(a) The applicant must furnish the Board with evidence of good moral character on a form prescribed by the Board.

(b) Reference forms shall be valid for six (6) months from the date of signature. If the application is not approved during the six-month period, the Board may require a new and more current reference.

(2) Applicants must furnish the following evidence to be considered for licensure:

(a) Proof of one year of residence in the United States except for graduates of Canadian medical schools who are certified by the Liaison Committee on Medical Education (LCME).

(b) A passing score on one of the following examinations approved by the Board:

1. Parts I, II, and III of the United States Medical Licensing Examination (USMLE);
2. Federation Licensing Examination (FLEX taken on or before June 1, 1985). Combined scores from different FLEX administrations between January 1, 1978 and January 1, 1985 are not accepted;
3. FLEX Components I and II (FLEX taken after June 1, 1985);
4. National Board of Medical Examiners (NBME);
5. State Medical Board of Examinations taken before June 30, 1973;
6. Licentiate Medical Council of Canada (LMCC) Examination for graduates of Canadian medical schools who completed post-graduate training in Canada; or

7. National Board of Osteopathic Medical Examiners (NBOME);

8. Comprehensive Osteopathic Medical Licensing Examination (COMLEX).

(c) Proof of graduation from a Board-approved medical school as follows:

1. Medical schools in the United States and Canada must require a minimum of two years of pre-medical training and be approved by the Liaison Committee on Medical Education (LCME) or the American Osteopathic Association (AOA).

2. All other foreign medical schools and Fifth Pathway programs must have a program of education in the art and science of medicine leading to a medical doctor degree or the medical doctor equivalent that requires a minimum of two (2) years of pre-medical training, includes at least 130 weeks of instruction, and is approved by the World Health Organization. Applicants must have official transcripts, that include at least 130 weeks of instruction and is approved by the World Health Organization.

3. Applicants must have official transcripts of all medical and premedical education mailed directly to the Board from the school where such education was taken. If the transcripts are in a foreign language, applicants must furnish a certified English translation. Transcripts must include the dates the applicant attended the school and the grades received in all courses taken to fulfill the requirements of the degree granted. In the Board's discretion, the transcript requirement may be waived and the results of the Federation of State Medical Boards (FSMB) verification service may be accepted if the applicant adequately demonstrates that all diligent efforts have been made to secure transcripts from the school. In such a case, the Board may require the applicant to appear for a personal interview before the Board or the committee.

(d) Proof of post-graduate/residency training as follows:

1. This requirement does not apply to applicants who were licensed in another state on or before July 1, 1967.

2. Graduates of United States medical schools must complete post-graduate year one in a program approved by the Accreditation Council for Graduate Medical Education (ACGME), the American Osteopathic Association (AOA) or the Royal College of Physicians and Surgeons of Canada.

3. Graduates of Canadian medical schools must complete postgraduate year one in a program approved by the Accreditation Council of Graduate Medical Education (ACGME), the American Osteopathic Association (AOA), or the Royal College of Physicians and Surgeons of Canada.

4. For graduates of all other foreign medical schools and Fifth Pathway applicants:

(i) Applicants who graduated from medical school on or before July 1, 1985 must complete one year of post-graduate training in the United States in a program approved by the Accreditation Council of Graduate Medical Education (ACGME) or the American Osteopathic Association (AOA) or one year of post-graduate training in Canada in a program approved by the Royal College of Physicians and Surgeons of Canada.

(ii) Applicants who graduated from medical school after July 1, 1985 must complete three years of post-graduate training in the United States in a program approved by the Accreditation Council of Graduate Medical Education (ACGME) or the American Osteopathic Association (AOA) or three years of post-graduate training in Canada in a program approved by the Royal College of Physicians and Surgeons of Canada.

(e) Graduates of foreign medical schools outside of Canada must provide proof of certification by the Educational Commission for Foreign Medical Graduates (ECFMG) unless they were licensed by another state before March 1, 1958. This requirement does not apply to foreign-trained students who furnish proof of the following:

1. successful completion of AMA approved Fifth Pathway program, and
2. passing the ECFMG qualifying medical component examination with a score of 75 or above; and

(f) Verification of licensure from every state in which the applicant has held a medical license. This requirement includes verification of inactive licenses.

(3) All applications are not considered complete unless accompanied by the required application fee or other required fees. All such fees received by the Board are nonrefundable.

(4) No action will take place on applications that have been incomplete for more than a year until a new application is received in accordance with the provisions of this chapter with the appropriate application fee.

(5) The Board in its discretion may require an applicant for licensure to take and pass the Special Purposes Examination (SPEX) prepared by the Federation of State Medical Boards of the United States, or other Board-approved competency assessment. The circumstances under which the Board may require a competency examination include, but are not limited to applicants for licensure who have been the subject of disciplinary action in another state; or who would be subject to disciplinary action or corrective action in this state based upon their conduct or condition; or who have previously engaged in the practice of medicine and who have not practiced for a period greater than twenty-four

Effective May 30, 2005
